Screen 1

While searching Product name say “Oil” in screen 1, following screen will appear.

On entering product name Oil, these related search terms are shown. You can select one of them to find related products.

On clicking Search term Oil, different categories of products in which search term is found will be shown.

On click of category names of product group will appear.

By clicking on category name in screen 1, following screens will appear:

The image displays a sequence of four mobile app screenshots illustrating the navigation flow. Each screen features a green header with the 'Lipp Line' logo and the text 'Product & Services Categories'. A search bar is present on each screen.

- Screen 1 (Top Left):** Shows the 'Daily Needs' category selected. A callout bubble points to it with the text: "This is Screen 1 extract. When you click DAILY following screens will appear".
- Screen 2 (Middle Left):** Shows the 'Daily Shops' category selected. A callout bubble points to it with the text: "Click on 'Daily Shops' to see further categories".
- Screen 3 (Top Right):** Shows the 'Kirana Shops' category selected. A callout bubble points to it with the text: "Click on 'Kirana Shops' to see product groups".
- Screen 4 (Bottom Right):** Shows a list of product groups under the 'Daily Needs-Daily Shops-Kirana Shops-' header. The first item, 'Grocery & Staples-Organic Stap...', is selected. A callout bubble points to it with the text: "Click on 'Product Group' to see product".

Either Searching by product name or filtering through categories, when you click on product group “Edible Oil”, following screen for Oil product will appear.

On clicking of product, following screen will appear.

The screenshot shows the 'Product Attributes' screen for 'Dhara Sunflower Oil'. It includes a 'free text' field, an 'Offers for Customers' table, and a 'Packaging Units' table. Callouts provide instructions on how to use these features.

**free text**

**Callout 1 (Left):** Type offers you want to give to your customers on this product. This will give a special mark to product when customers view it. This will also show product in offer segment to customers.

**Callout 2 (Top Right):** Use this to give additional information about product.

**Callout 3 (Bottom Left):** Select packaging units you are selling.

**Callout 4 (Bottom Right):** You can maintain prices of products here. If you have ticked show process in profile, these prices will be shown to customers.

On clicking Accept, following screen will appear.

The products you have added are highlighted in green.

**Now just click at back button of your mobile & products are added successfully.**

Added products are shown as following.

You can also edit the product already added by clicking here.

On clicking Suggest new product, following screen will appear.

The screenshot shows a mobile application interface for suggesting a new product. The header is a dark green bar with a circular logo on the left, the text "Suggest New Product" in the center, and a camera icon and a home icon on the right. Below the header, there are three input fields: "Name of the product", "Unit of product" (with a placeholder "Enter Unit e.g Kg,Ltr,Nos,Mtr"), and "About product" (with a placeholder "Other information about product, if Any"). Below these fields are four buttons: "Add Front Photo", "Add Back Photo", "Add Side 1 Photo", and "Add Side 2 Photo". At the bottom, there is a large green "Submit" button.
